My dear Achen, the teachers and students of the St. Stephens Marthoma Sunday school, New Jersey,

Greetings.

Trust in the Lord that you are all keeping fine as this letter reaches you. Hope you are all doing extremely well in the Sunday School and in the ministry of the parish.

The Jyothis family is extending their love and prayers to all. Currently the strength is 150 after this years' admission. 60 children are staying in the hostel. The 25 dedicated staff is giving proper care to these children. Our financial commitments are also increasing correspondingly

The VBS was a great blessing . Few youths from our parishes gave the leadership. All Kerala special school Cricket match will begin on Oct25-27 in our Jyothis School. 300 participants are getting ready for it. Our team is also preparing for it. The total expense for this program is approx. \$2500/- expecting few sponsors for meeting this need. Please pray for this great event. We appointed a sports teacher too.

Your Sunday school is actively supporting the intellectually challenged kids in past years in the month of August. I am reminding you to keep us in prayers and in resources.

Your sponsored children are all keeping fine. The once again our kids say Hi to you all. (Samu Khan, Achu, Soilalemi, Aji and Ambadi)

In Christ
